at Last.

Detectives Discover Seljan's Lacer ated Body in-the River-Police Expect a Confession.

Omaba, Neb., July 5.—The trunk murder mystery, which has disturbed all Omaha since Tuesday, was cleared up to-night, when the frightfully mutilated body of the river and the prisoners first arrested-Mato Mikanand wife, Anton Beckovith, John Urban and John Drobnitz-were formally

charged with murder.

The prisoners still refuse to talk, but

The police struck a trail of blood, sufficient to be detected and followed it below the city, where the body had been cast into the river. It was found in an eddy a short distance below the scene. The throat was cut from ear to ear; the head was mashed as with an axe and other parts of the body

were frightfully lacerated It is now believed the man was surrounded by the murderers and, resisting, was slowly hacked to pieces.

The first tangible clue to the disposition of Seljan's body was obtained this after noon. A Bohemian lad who is employed as a porter at a down-town hotel and wh occasionally acted as interpreter for the police, claims to have discovered evidence that the body was carried toward the river. He came to the police station at accomplying the information that he had discovered blood stains on the sidewalk at Chirteenth and Pierce streets, and als He had chipped several pieces of blood stained planks off which he brought with him as evidence of his discovery. Detectives were despatched and sev-Chief White's detectives have worked day and night on the case ever since the first report was received.
